## **Description:**

BE LOVE - Exploring keys to improving your life and the world around you - You are more Powerful than you think --offers practical methods to empower yourself. We often look for reasons why things may not go smoothly. In truth, each person you has great power to impact their own life, the life of those around you and in fact to impact the world. Sounds like quite a domino effect, and it is.

Many self help and spiritual books alike encourage readers to change your words and thoughts in order to create our own experience. Authors like Dr. Wayne Dyer, Don Miguel Ruiz, Robert Collier, Dr. Joseph Murphy, Deepak Chopra, Norman Vincent Peale, Jim Rohn and others have professed the great power of our thoughts.

With practical understanding and explanations BE LOVE, the first book in the Whispers From Within Series, leads you down a path of self discovery. You will uncover the Power of Gratitude, the Power of Silence, the Power of Prayer and Feeling, the Power of Lovingly Accepting Yourself, the Power of the Great "I AM", the Power of Forgiveness, the Power of Kindness, the Power of Synchronicity, the Power of Non-Judgment, the Power of Trust, the Power of Writing and the Power of Grounding Yourself.

Everything is within your reach when you take time to listen to the whispers from within. Life does not hold us back or limit us, we alone hold ourselves back.

Discover the keys within each chapter of BE LOVE and contemplate the possibilities of employing them. Start simply with utilizing the power of gratitude and then consider layering on some of the other practices that resonate with you in some way. Be Who you Really Are - BE LOVE.
