Description:

****3 BOOKS IN 1!****

Building a strong foundation in math is essential for children in the first grade. The activities in this 3-in-1 Super Workbook are designed to help your student become familiar with math concepts like numbers and operations, solid and plane shapes, and graphs and charts. They will help your child to catch up, keep up, and get ahead—and best of all, to have lots of fun doing it! Here are some of the great features you'll find inside:

BASIC MATH

The Cupcake Eater

Counting cupcakes on a plate, and then crossing off the eaten cupcakes and counting how many are left, helps children learn subtraction.

MATH GAMES & PUZZLES

Safe Crackers

Children write numbers from smallest to largest or identify place-value digits to find the right combination for a safe.

SHAPES & GEOMETRY

Get In Place

Children draw a line from each picture outside a Venn diagram to where it belongs inside the diagram, matching food and objects of different shapes.

Give your child's confidence a boost with *First Grade Super Math Success!*
