## **Description:**

**From Publishers Weekly** It is fitting that the founder and head of the Fund for Animals personally rescues and takes in strays, and one incident proved to have a profound effect on him. On a snowy Christmas Eve, Amory helped capture a scrawny cat and took it to his apartment. How does a new cat-keeper train a creature accustomed to fending for itself in Manhattan's alleys? Slowly, with patience and respect. Amory offers an entertaining, if precious, re-creation of his first year with Polar Bear (his account of selecting a name takes 20 pages). One highlight is a visit to the vet where the receptionist was a cat. During this time he also housed a dog and a grounded pigeon, and consulted a cat psychologist as well. Interspersed with tales of Polar Bear are many digressions involving the author's work with animal-rescue and animal-rights organizations. Polar Bear was invited to be ship's cat on Sea Shepherd (Greenpeace), but Amory declined on behalf of the cat. Mainly for aelurophiles.

edition of this title.

**From Library Journal** Apparently aimed at the holiday gift trade, this is the pleasant, rambling story of a white cat rescued by Amory one Christmas Eve. Struggling to understand his feline friend, he becomes devoted to a degree that not everyone will understand. An animal rights activist, Amory shares his feelings about veterinarians, airlines, hotels, human and animal natures, and the complexities of modern life. Although amusing anecdotes abound, there is little action. Amory's intelligent, educated musings explain life as he and his cat experience it. He also includes interesting trivia on ancient feline history and celebrities who loved or hated cats. Not a necessary purchase, but most cat lovers will adore it. Carolyn I. Alexander, USACDEC Technical Information Ctr., Fort Ord, Cal.
