Description:

A classic developmental skills text for intermediate to advanced students of English, *Understanding and Using English Grammar* is a comprehensive reference grammar as well as a stimulating and teachable classroom text.

While keeping the same basic approach and material as in earlier editions, the Fourth Edition more fully develops communicative and interactive language-learning

activities. Some of the new features are:

- Innovative warm-up exercises that precede the grammar charts and introduce points to be taught
 - Structure-based listening exercises ranging from casual speech to academic content
 - Academic readings that highlight the targeted grammar structures
 - Greatly expanded speaking practice with extensive pair, group and class work
 - Corpus-informed syllabus that reflects the discourse patterns of spoken and written English
 - Audio CDs and listening script in the back of the Student Book
