## Description:

**Review SM Boyce, author of *The Grimoire: Lichgates*:**

If you like vampires, fantasy, or hell, even scifi, I think you'll like this. It's an interesting blend of something new and refreshing, and I think it would make the coolest video game in a long time. Seriously, read it and tell me that wouldn't kick ass as a multiplayer -or- an individual campaign game!

**CV Hunt, author of the *Endlessly* series:**

With a strange twist and creative imagination, Winship has taken the vampire and turned it into his own creature.

**WTF Are You Reading? blog:**

This new take on vampires is a breath of fresh air for those who like a little bite in our read.

**The Aussie Zombie blog:**

Yeah I know. Vampires - I don't like vampires and I say it often enough. There are a few exceptions, 'real' vampires (aka The Strain-style), bad-boy vampires (aka Thicker than Blood), or funny vampires (aka Christopher Moore) and now one new exception - vampires vs. vaempires.

**Sapphyria's Book Reviews:**

What a wild ride into a completely new twist on vampires.

**About the Author** Thomas Winship resides in New York. He currently serves as MBA Director for St. Thomas Aquinas College, where he also teaches courses in English Composition, Communications, and Business. He is busy working on the next installment of the "Vaempires" series, which is scheduled for an early 2013 release.
