Description:

The "untextbook" that teaches students to think like sociologists.

You May Ask Yourself gives instructors an alternative to the typical textbook by emphasizing the big ideas of the discipline. Dalton Conley's "non-textbook" strategy explains complex concepts through

personal examples and storytelling, integrates coverage of social inequality throughout the textbook, and provides the largest collection of instructor resources for a book in its price range. The Fifth Edition now comes with an ebook, which gives students access to everything they need in one place.
